"ELLINES" National Party

Honourable Mrs. President

In view of the forthcoming National Elections on 25th September, 2022

I wish you cordially a huge success and the most desired and victorious result which will signify the dominance of all the Patriotic Movements in the Italian political arena and hopefully, a brilliant future for the Italian Nation.

Our Nations have been going forward with each other since ancient times , diffusing our common set of values of the glorious civilizations of Ancient Greece and Rome all over the world.

Nowadays, along with the majority of the European National Parties, we display our unity, our determination and sense of duty. Furthermore, we fight for freedom, the highest value of all.
